Subject: Free Online Course on 21st Century Skills for Teachers of CBSE affiliated schools

21st century skills are now more vital than ever to students. They not only create a foundation for successful classroom learning, but they also ensure that children can succeed in a world where change is constant and learning never stops. The three main skill sets of 21st century skills viz. learning skills, literacy skills and life skills are critically important to be competent and survive in the digital era. Hence, these skill sets must be acquired, nurtured, and sustained by teachers which is crucial to helping students, who, in turn must harness and demonstrate these skills.

CBSE is introducing MOOC on 21st Century Skills. This programme consists of textual resources, videos and assessment activities for course completion. Assignments given in the Reflection Journal Section can be attempted for extended learning. It is a 5 hours Online Course which can be completed in asynchronous mode at one's own pace.
