

FEEDBACK FROM THE PARTICIPANTS WHO ATTENDED THE LEADING SCHOOLS PROGRAMME:

Excellent especially the way Prof. Debashis Chatterjee has conducted the course. Beyond anybody's expectations. May almighty Allah bless you and your family members with all the best in your future.

Prof. Mohammed Aejaz
Principal, Ideal Indian School, Doha

These three days programme was really inspiring. All the participants are going back to their schools as new principals or better principals. We have really gained a lot. Wish all the best to IIMK .

Mr. Abdul Kader. V. V
Principal, The Model School, Abudhabi

As the outset the MDP is very beneficial to me in reshaping my thought process related to many issues for which I was struggling to find solutions. My humble suggestions for future programmes. Plan more interactive sessions in groups to discuss problems faced in schools which may provide scope to know the diverse experiences of dealing a similar problem in different contexts and by different leaders. The duration of the programme may be extended to more number of days, providing more refreshing intervals so that participants can concentrate better and maximum learning happens. Thanks for the perusal.

Mr. Mohammed Aslam Khan
Principal, New Indian Model School, Dubai

The three days programme at IIMK could lead me to tackle some of the issues that I face in my organization, at least now I am confident of it. The general issues- some of them seemed silly and minute, have wider significance and that to be given utmost care. The philosophic approach to the issues makes Debashis Chatterjee's sessions impressive.

Mr. C. Sidhiquee
Principal, Al-Janoub INTL School

I came here to get a packaged solution to my problems. Though the realization that the solution has to be found by me is difficult yet appropriate to absorb. What I really appreciate is Dr. Debashis Chatterjee's faith in what he preaches. Finding 'I' is the solution to all, absorbing, accepting and imbibing that is a different thing to hold on. What I take back is some brilliant friends and belief in myself.

Ms. Sanskriti Singh
Principal, Gyan Peethika School, Ballai

Well planned, well coordinated, and succeeded in delivering what is aimed. Great job by Prof. Debashis

Mr. Srinivas . K
Principal, Indian School, Darsait

Excellent- much more than I expected.

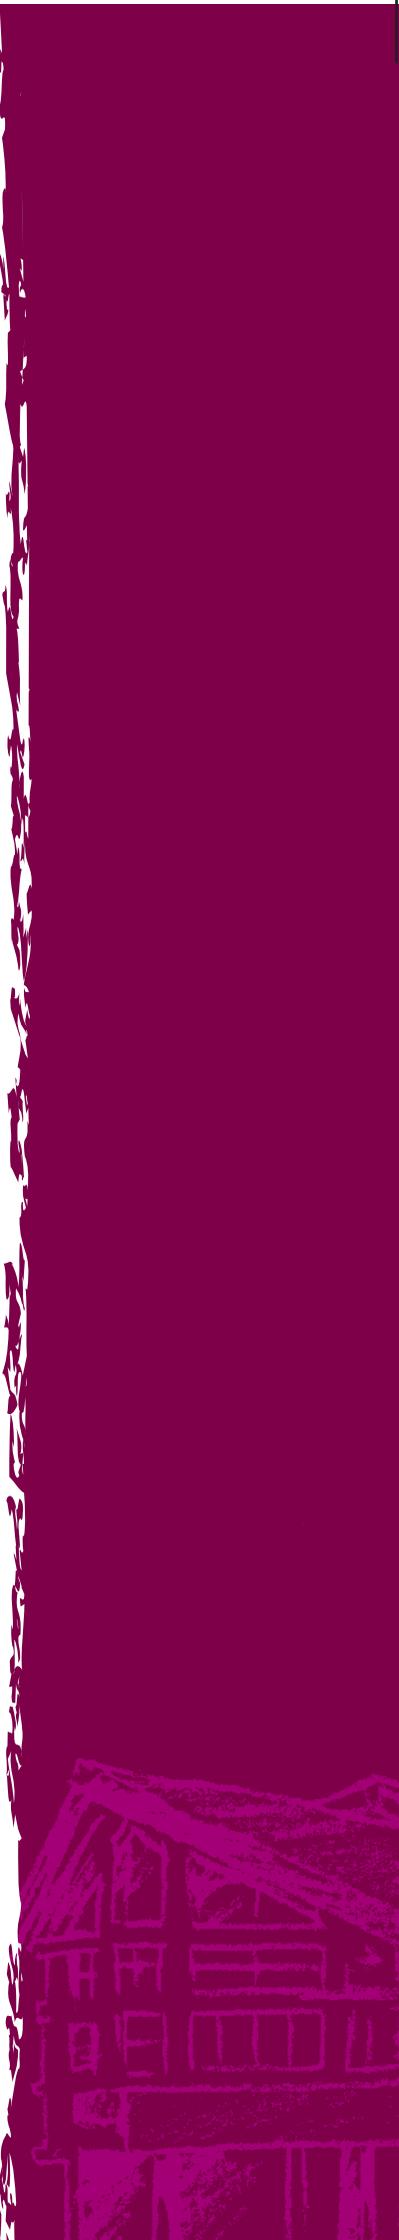

Mr. P. K. Ranwaka
Principal, Alwar Public School, Rajasthan

The programme was very satisfying in the sense that it partly validated my way of thinking and partly opened new ideas of thought. It will go a long way; I can already feel in making me a better person and enable me to help my colleagues and my children.

Mr. Santanu Das
Principal, Sarla Birla Academy, Bangalore

Your lecture-great treasure with a pleasure, informative, innovative. Solution to many of our issues. Simply superb. Hats off to you Sir!

Mr. C. Ravi Prasad
Principal, Vikas the Concept School, Hyderabad

OVERVIEW

The leading schools workshop has been designed specifically for school teachers and educational leaders to optimize effective leadership and skills for the holistic development of students, and for nurturing schools as sustainable institutions of learning in a technology driven knowledge age. It aims to give participants insights and tools to build a learning community and enhance their personal effectiveness.

LEARNING OUTCOME

Through the uniquely designed experiential and participatory sessions, you shall:

- Redefine and fine-tune your leadership signature.
- Map the connections between leadership, students, school community, society and environment.
- Recognize the challenges that you face as educational leaders of this millennium of the mind
- Learn how effective leadership has changed and reshaped schools into leading schools
- Enhance your skills for effectively managing leadership challenges of the millennium
- Visualize future trends for schools of tomorrow
- Establish a network with other school leaders
- Be recognized as a School Leader

PARTICIPANTS PROFILE

Teachers who have demonstrated excellence, principals and education managers of schools. Organizations working with schools as part of their corporate social responsibility may also nominate participants.

PROGRAM THEMES

- Understanding the systems world and the human world of schools
- Decoding the elements of excellence in the school system
- The four commitments: the DNA of excellence

ABOUT IIM - KOZHIKODE

The Indian Institute of Management Kozhikode (IIMK) is the fifth IIM, established in 1996 by the Government of India in collaboration with the Government of Kerala. With campus infrastructure fully operational now, it is fast emerging as an internationally reckoned, fully integrated, management institute of higher learning. IIMK is the first IIM to receive Global accreditation from AMBA for Post Graduate Programme (PGP) and Executive Education Programme in Management (ePGP). The Institute seeks to inculcate a spirit of lifelong learning and aspires to strengthen the capabilities of integrating concepts with applications and values. It contributes towards the development of communities of dependable, capable, caring and fair-minded people. The Institute covers a wide range of academic activities in the field of management:

- Research and Publication
- Post Graduate Programme (PGP) – two year fulltime residential programme
- Management Development Programme (MDP) – short term residential programmes in advanced management topics for middle, senior and top level managers
- Executive Education Programme in Management (ePGP), a two year Post Graduate Programme and several short duration programmes on Interactive Distance Learning (IDL) platform are offered for working executives.
- Faculty Development Programme (FDP) – short term programmes for management teachers
- Fellow Programme in Management (FPM) – It aims at developing top quality researchers and faculty resources for academic institutions including IIMs.
- International Exchanges Programme (IEP) – IIMK's International Exchange Programme, apart from promoting Student Exchanges, places a great emphasis on faculty exchange between partner institutions.
- Conferences and Seminars

The programmes of the Institute are designed to respond to the intellectual capital requirement of business and industry. Notwithstanding the IIM brand equity, IIMK is ever mindful of the "Icarus Paradox". Imitation has been replaced by innovation, and the constant endeavour is to be better than the best.

The Institute strives to develop an innovative academic environment through the synergy between faculty, students, industry, and technology. The Institute encourages constant interaction with the industry and other leading management/research institutes. It draws from the experience of the industry leaders and leading management researchers by regularly inviting them to the Institute.

The MDPs cater to contemporary issues in the practice of management. These are based on the research and consulting experience of the faculty of IIMK and provide insights into real life problems faced by managers.

THE VENUE

Located next to the Dubai International Airport, Al Bustan Rotana is a distinctive blend of traditional Arabian hospitality and modern luxury. This 5 Star property offers opulent accommodation and is a favorite destination of discerning business and leisure travelers.

Established in 1992, Rotana is a chain of hospitality properties offering the best of both worlds. A unique understanding of the culture and communities of the Middle East combined with the collective expertise of an executive team contributing over 35 years of international experience in the service industry.
