Childhood is a time of evolving capacities and capabilities as well as relative vulnerability to abuse and exploitation. We have to recognise the child’s unique developmental needs and provide supportive and nurturing environment. Teachers, parents and all concerned adults, should all try to keep children safe from any kind of abuse. Within our different areas of responsibility, guided by policy, legislation and experience, we take steps to provide what is best for children. One important step in this regard can be equipping and empowering children at the right age.

CBSE strongly feels that children should be involved and given part responsibility of their safety as well as made aware of their duties, rights and responsibilities. CBSE in this light would like to re-issue the ‘Pledge for an Abuse Free World for Children’ shared by Kerala State Commission for Protection of Child Rights (KeSCPCR).

The schools are advised to let students pledge it in a special assembly and repeated in class assemblies through the year to reinforce the message.
