**Subject: Webinar on integration of Arts and Culture in teaching learning practices conducted in collaboration with Google.**

Historical Artifacts, paintings, art work, resources available in museums and cultural institutions are illustrative of the cultural heritage of a place, time and community. These, when used as pedagogical tools, link the classroom teaching with the real world and thus promote the pedagogical approach that utilizes various aspects and forms of art and culture as the basis for experiencing the learning of concepts across subjects. This also helps in imbibing the Indian ethos through integration of Indian art and culture in the teaching and learning process at every level.

Google Arts & Culture is an immersive way to explore arts and history. It puts the collection of more than 2,500 museums from across the world at your fingertips. Google Arts & Culture has made a wide range of cultural stories and experiences available to everyone, in collaboration with cultural organisations around the world.

CBSE is organizing a webinar in collaboration with Google to promote this pedagogical approach on integration of arts & culture in teaching learning practices.
