  - a) Questions numbers 7 to 13 are one mark questions. Attempt any five questions.
  - b) Questions numbers 14 to 18 are two marks questions. Attempt any three questions.
5. Section C is of 08 marks and has 03 competency-based questions.
  - a) Questions numbers 19 to 21 are four marks questions. Attempt any two questions.
6. Do as per the instructions given in the respective sections.
7. Marks allotted are mentioned against each section/question.

### SECTION A

(3+2 = 5 marks)

| Answer any 03 questions out of the given 04 questions |                                                                    | 1 x 3 = 3 |
|-------------------------------------------------------|--------------------------------------------------------------------|-----------|
| Q.1                                                   | Who is an 'entrepreneur'?                                          | 1         |
| Q.2                                                   | What do you understand by sustainable development?                 | 1         |
| Q.3                                                   | Write full form of NAPCC.                                          | 1         |
| Q.4                                                   | Name any two values of an entrepreneur.                            | 1         |
| Answer any 01 question out of the given 02 questions  |                                                                    | 2 x 1=2   |
| Q.5                                                   | Differentiate between manufacturing business and trading business. | 2         |
| Q.6                                                   | Name any four stakeholders of green economy.                       | 2         |

### SECTION B

(5+8+9 = 22 marks)

| Answer any 05 questions out of the given 07 questions |                                                                      | 1 x 5=5 |
|-------------------------------------------------------|----------------------------------------------------------------------|---------|
| Q.7                                                   | How is 'contrast' defined?                                           | 1       |
| Q.8                                                   | Name any one machine used for knits.                                 | 1       |
| Q.9                                                   | What does 'emphasis' communicates in a design?                       | 1       |
| Q.10                                                  | Mention the needle size used for very heavyweight and dense fabrics. | 1       |
| Q.11                                                  | Define 'sewing'.                                                     | 1       |
| Q.12                                                  | Which thread should preferably be used to stitch wool & silk?        | 1       |
| Q.13                                                  | Write full form of SPI.                                              | 1       |

|                                                              |                                                                                                                           |                |
|--------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|----------------|
| <b>Answer any 03 questions out of the given 05 questions</b> |                                                                                                                           | <b>2 x 3=6</b> |
| <b>Q.14</b>                                                  | State an advantage of fashion illustration.                                                                               | <b>2</b>       |
| <b>Q.15</b>                                                  | Write the shape of 'tea cozy'. Give the purpose of using it in kitchen line.                                              | <b>2</b>       |
| <b>Q.16</b>                                                  | Name the oldest leather product in India. Give the name of Indian states to which Kohlapuri chappal and Mojri belongs to. | <b>2</b>       |
| <b>Q.17</b>                                                  | Which ability is considered fundamental to the profession of a fashion designer and why?                                  | <b>2</b>       |
| <b>Q.18</b>                                                  | Why does stitch pucker? What should be done to correct it?                                                                | <b>2</b>       |
| <b>Answer any 02 questions out of the given 04 questions</b> |                                                                                                                           | <b>3 x 2=6</b> |
| <b>Q.19</b>                                                  | Differentiate between three types of rhythm.                                                                              | <b>3</b>       |
| <b>Q.20</b>                                                  | Write any three safety rules to be observed while working on sewing machine.                                              | <b>3</b>       |
| <b>Q.21</b>                                                  | How is shape formed? What is a role of positive and negative space in a composition?                                      | <b>3</b>       |
| <b>Q.22</b>                                                  | Discuss the function of following sewing aids.<br>a. Paper shear<br>b. Tailor's shear<br>c. Pin cushion                   | <b>3</b>       |

**SECTION C**  
**(COMPETENCY BASED QUESTIONS)**

**(2 x 4 = 8 marks)**

|                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                         |          |
|--------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| <b>Answer any 02 questions out of the given 03 questions</b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                         |          |
| <b>Q.25</b>                                                  | The simple lockstitch machine is also called a Flat-bed machine that makes only straight stitches. The stitch looks the same from both the sides & it is absolutely flat. If it breaks during use, it does not unravel because the two threads are locked together. This is the reason why it is also called a lockstitch. There are two types of such machines available in the market.<br><br>Differentiate between two types of lockstitch machines. | <b>4</b> |
| <b>Q.26</b>                                                  | Rita wants to use 'contrast' as principle of design while designing accessories for a child's bedroom. How can she achieve contrast in following ways?<br>a) Size contrast<br>b) Texture contrast<br>c) Shape contrast<br>d) Colour contrast                                                                                                                                                                                                            | <b>4</b> |
| <b>Q.27</b>                                                  | Bed line comprises a collection of products for the bed and windows in the bedroom. Explain the following products.<br>a. Duvet cover<br>b. Bed cover<br>c. Throws<br>d. Quilts                                                                                                                                                                                                                                                                         | <b>4</b> |
