## SECTION C

(2 x 4 = 8 marks)

### (COMPETENCY BASED QUESTIONS)

Answer any 02 questions out of the given 03 questions		
Q.23	<p>Operation theatres are mainly utilized by the surgical departments for conducting various surgeries with the help of the anesthesia department with other paramedical staff, the optimal management of various surgeries requires a team approach including various departments and support units. There should be perfect planning of the OT scheduling, timely preparation, complete Pre-anesthesia checkup (PAC), preoperative treatment and shifting of patient to OT With the advancement in technology and improvement of the surgical skills, more complex surgeries are being done and include, simultaneously, various other specialties.</p> <p>(a) What is the basic use of medical furniture in hospital? (b) Who can basically get the chance to work in operation theatre?</p>	4
Q.24	<p>Everything in nature is made up of five basic elements: (i) earth, (ii) water, (iii) fire, (iv) air, and (v) space.</p> <p>Each of the five elements has a certain relationship with the other elements. These relationships form the laws of nature. An element could support or act as an enemy to the other element. For example, air (contains oxygen) supports fire, but water can block the spread of fire. Therefore, in order for them to co-exist, fire and water need to be separated. Fire is the rapid oxidation of a material in the chemical process of combustion, releasing heat, light and various reaction products. The flame is the visible portion of the fire and consists of glowing hot gases. Fire has the potential to cause physical damage through burning.</p> <p>(a) Name three elements that are necessary for a fire to ignite and how they are responsible? (b) Enumerate the common causes of open flames.</p>	4
Q.25	<p>People perform better when they are committed to achieving certain goals. Goal Setting is a process of thinking about your ideal future and motivating yourself to achieve your goals. By setting well-defined goals you can measure your achievements and take necessary steps to develop additional knowledge, skill and attitude to achieve what you want to achieve in life. Your goals could be related to your career, family, financial, education, attitude, physical abilities, pleasure, public service, social service, etc. Always state your goal as a positive statement and try your best to achieve it.</p> <p>What are the basic types of goal? Effective goals are SMART goals- Justify the statement.</p>	4
