<p>Q.17</p>	<p>Patanjali defines - Yogah Cittavriti nirodhah Mental health - an important component of overall health and wellbeing. In general, we go through the life by the mind and senses, rather than having these under our control. Negative thoughts and fears create an imbalance in our nervous system and through this our physical function. This is the cause of many illnesses and sorrows. Yoga helps to overcome our negative qualities and thoughts and creates positivity. As we meditate or stretch, the mind is directed away from the trigger and calming begins. As we enter a more relaxed state, we experience relief from stress and other emotions. With more clarity of thought and self-confidence, we are mentally well.</p>	<p>4</p>
