ACADEMIC CALENDAR 2015-16

What's unique about the CBSE's Academic Calendar?

It is essentially a calendar, but it is specialized for academics. The calendar is a comprehensive guide to all programmes/projects/events scheduled for the year. The calendar also proposes to serve as a record of the Board's many academic initiatives which call on the active participation of school heads, teachers and students. Therefore, the Academic Calendar is one of the ready referral tools schools can have at their disposal for initiating celebrations.

Using the Calendar supports academic initiatives:

1. Enables organization of school curricula at the beginning of the session, so that scholastic and co-scholastic activities can be integrated seamlessly with appropriate time management.
2. Gives a total picture of the year's activities and helps schools to pace and plan accordingly.
3. Encourages schools to ensure wider participation of students and staff, without overwhelming them.
4. School curriculum can now be efficiently organised and prioritised, without compromising on the quality of learning experiences.
5. Most importantly, any issues pertaining to the conduct of certain programmes can be resolved well in time to ensure adequate preparation and effective presentation.
6. It is crucial for stakeholders to consult the calendar on a regular basis.

Please note: The online Academic Calendar is the Board's official Calendar. This calendar is, however, subject to change without notice. Care has been taken to accommodate all significant days in the schedule. **However, it is not binding for schools to follow all days and activities. They are directed to exercise their discretion in their choice.**

Your feedback will go a long way in enhancing the effectiveness of the Academic Calendar in the forthcoming years
