The world beyond the palace

Just as the Buddha’s teachings were compiled by his followers, the teachings of Mahavira were also recorded by his disciples. These were often in the form of stories, which could appeal to ordinary people. Here is one example, from a Prakrit text known as the Uttaradhyayana Sutta, describing how a queen named Kamalavati tried to persuade her husband to renounce the world:

If the whole world and all its treasures were yours, you would not be satisfied, nor would all this be able to save you. When you die, O king and leave all things behind, dhamma alone, and nothing else, will save you. As a bird dislikes the cage, so do I dislike (the world). I shall live as a nun without offspring, without desire, without the love of gain, and without hatred … Those who have enjoyed pleasures and renounced them, move about like the wind, and go wherever they please, unchecked like birds in their flight … Leave your large kingdom … abandon what pleases the senses, be without attachment and property, then practise severe penance, being firm of energy …

“The British element is gone, but they have left the mischief behind”

Sardar Vallabh Bhai Patel said: It is no use saying that we ask for separate electorates, because it is good for us. We have heard it long enough. We have heard it for years, and as a result of this agitation we are now a separate nation … Can you show me one free country where there are separate electorates? If so, I shall be prepared to accept it. But in this unfortunate country if this separate electorate is going to be persisted in, even after the division of the country, woe betide the country; it is not worth living in. Therefore, I say, it is not for my good alone, it is for your own good that I say it, forget the past. One day, we may be united … The British element is gone, but they have left the mischief behind. We do not want to perpetuate that mischief.

(Hear, hear). When the British introduced this element, they had not expected that they will have to go so soon. They wanted it for their easy administration. That is all right. But they have left the legacy behind. Are we to get out of it or not?
